

AUTOLIFT<sup>TM</sup>

VEHICLE RAMPS

## WELCOME TO AUTOLIFT

Autolift S.r.l. is a young, dynamic company. With twenty years of experience in the lifting sector, the company has specialized in the production of equipment for wheelchair accessibility. Thanks to highly specialized staff, cutting-edge technologies and full range of products, Autolift S.r.l. can meet the market demand for motor vehicle outfitting to serve both private and public use clients.

The company's mission focuses on:

- Ongoing research to find the best solutions to eliminate the barriers to access and transport for people with disabilities.
- Development and engineering of special devices to cover the full range of requirements from our global clientele.
- Produce aids that comply with current regulations concerning the disabled, first aid and public transport.
- Offer prompt, efficient support that enables installers to provide their customers with impeccable service both during installation and after-sales (warranty, spare parts, support).
- An offering that can even meet the needs of people with disabilities to board trains, ships and aircraft as per European regulations.
- Compliance of all our products with CE markings and regulations on electromagnetic compatibility. Each product, whether a lift or access step, comes not only with the relative manuals, but also with certificates of origin and conformity.

*“Vehicle ramps? Light, strong and safe...”*

Our cost effective all aluminium ramps can be fitted easily to a vehicle floor and with a choice of available sizes we will have what you need to provide safe and easy movement of cargo in your commercial vehicle. Thanks to the Quick Lock system, rapid removal of the ramp is simple. These are not only strong, but also very safe due to the anti-slip properties of the formed aluminium platform.

In this catalogue you will find:

**Two parts vehicle ramps**
